Monthly Safety Tip

Following safety guidelines before starting up your lathe and while running it will make your turning experience productive and enjoyable.

When turning on the lathe make sure you are not standing in front of the piece of wood. Stand off to one side and rotate wood by hand at least once around to make sure it clears the tool rest before turning it on. Set speed to the lowest rpm while standing to the side of the lathe then turn on. Still standing to the side you can now start adjusting the speed by turning it up, at that time if the piece is not secure you will not get hit, if the piece should come off. This sounds like a simple rule but how many of us forget the simplest rules when we are in a hurry.

Upcoming Demonstrations

April Demonstrator

Hello, my name is Bob Leonard. On April 1st, 2013, I will be demonstrating for your Monday night club an inexpensive vacuum pump and chuck for finishing the bottom of a bowl, platter, or vessel.

The two clubs I belong to is the Chicago Wood Turners (CWT), and the Arizona Wood turners Association (AWA).

My wife's name is Diane we have 5 kids, 13 grandchildren, and 2 great grandchildren. We live in Lake Villa, IL; we enjoy traveling in our motor home, and like river cruises in Europe. We are rehabbing a 100-year-old house at this time.

The two lathes I own are a Powermatic, and a Wilton. As it is, the lathes are the inexpensive part of the equation, those accessories add up to a whole bunch of money. What got me started in woodturning was watching the guys at the campground woodshop turn. At the woodshop they have four Jet lathes 1642 which means 16-Inch Swing 42-Inch between Centers. The campground is in Mesa AZ. called the Regal RV Resort.

As far as being a mentor, I guess you could say yes I am, because I do demonstrations at local clubs and hope to eventually demo at a symposium.

As I mentioned I have been turning for 5 years now. The thing I enjoy the most is chucking up a new log to turn. Worst dislike, is sanding but who does.

My favorite individual piece or forms I've turned come from tree limbs or crotches of the tree. Some of my favorite woods to turn are Walnut, Cherry, Ash and Mesquite, because of their beauty.

In the five years I have been turning, I have seen many world class and local gifted turners that have influenced me and given me inspiration.

I do not have any plans or projects in the future just doing a lot more of the same turning I doing now. I wish that there would be more hours in a day to turn, it just seems like there are just not enough.

If I had, any words of wisdom to say to my fellow wood turners it would be: Never turn just one of any style or type of wood. Do multiples of everything so you become proficient with your tools and technique. And most important don't be afraid to try something new.

Recent Demonstrators

Norman Wiedemeier, who demonstrated how to turn a Multi-Axis three-footed bowl.

Alan Lacer, who was the featured presenter at a recent special weekend event at Woodcraft, sponsored by MAWt.

Club Library

We offer our members a growing list of topical resources that can be checked out and returned at the following month's meeting. Our library includes DVD's, books, and magazines that address many aspects of woodturning. This is a popular member benefit and the lending rules should be respected and honored. For the benefit and enjoyment of all club members, it is important that you return all MAWt videos and other educational materials at the following month's club meeting. To inquire about titles and check availability, please contact: Gary Datka, Club librarian at mawtlibrary@hotmail.com

New titles are add regularly to the club Library
Please remember to return your overdue club materials at the January meeting!

MAWt Membership

Our membership consists of both novice and experienced woodturners. We place a high priority on teaching and expanding each member's turning skills and knowledge of the craft. We encourage each member to freely share ideas, insights, and lessons learned as a result of their experience. Having fun and good fellowship is required at all club functions.
