

## MAWT 2025 Program signup sheet

Panels - The idea behind panels of presenters is to have a group share a program on a single topic where each panel member covers a subset of the main topic. Each presenter prepares 15 to 20 minutes of content if there are 4 presenters. This approach reduces the burden of preparing a full evening program yourself. Audience participation and contribution are encouraged to get the broadest range of ideas and sharing. Please consider signing up and sharing your knowledge with the MAWT.

### Sanding panel

- 1.
- 2.
- 3.
- 4.
